

## One week before shifting

- Look online for reputable moving companies
- Shortlist companies which are registered and insured
- Request for car/ bike shifting moving quotes
- Read reviews, ratings and evaluate the pros and cons
- Discuss with the moving expert about your requirements in detail
- Check the availability of the moving company on the required date
- Finally hire a moving company

## One day before shifting - prepare your vehicle for relocation

- Water wash your vehicle thoroughly. This will help remove any dirt, filth and dust from the vehicle
- Inspect your vehicle and note physical damages, if any
- Note down even minor defects like paint chips, dust, scratches and dent
- Click photographs of the same
- Check the fuel tank for any fluid leakages
- If yes, get it fixed at any cost
- If no, empty the fuel tank to almost one fourth of the capacity of the fuel tank to avoid extra weightage
- Ensure that your car battery is completely charged
- Check if the tyres are inflated and are in a good condition
- Inspect if the emergency brake is functional
- Remove the loose accessories from your vehicle's exteriors like mirrors, lights and antenna
- Take out all the important possessions and documents like insurance papers and other belongings from the dashboard of your car

## One day...prepare your vehicle for relocation (Continued...)

- Disable the alarm system of a your vehicle, if possible
- Contact your automobile insurance company to check if the insurance will be active till the date of your vehicle delivery
- You can even note down the digits on the odometer of your car

## On the day of vehicle shifting

- Contact the moving company for confirming their arrival time
- Keep the spare car key ready to hand it over to them
- Instruct the moving experts on how to handle your car and mention about irregularities, if any
- Be present while the vehicle is being loaded and sign the bill of lading after reading it carefully

## Post vehicle delivery

- Be present while the vehicle is being unloaded
- Collect the necessary documents from the moving company
- Water wash your vehicle once again
- Check for physical damages, if any
- If yes, contact the moving company and the insurance company
